MKTD BY: RUTVI DECOR PVT LTD

There Can be Colour Variation in Material From Different Batches, It is Advised to Use Same Batch Material to Avoid Colour Variations.  
Actual Colours of the Laminate Sheet May Vary From This Brochure.

**PREMIUM ACRYLIC LAMINATES**  
**ANTICRACK**

SMART ACRYLIC is one of the rare and premium collection of the best quality PVC Mix Acrylic Laminates brought to you by SMART ACRYLIC. Its brings in Extra ordinary Colors that are sure to bring elegance to your kitchen and interiors. It is manufactured with the highest standards so that it gives the rich feel and unique look.

It has proven to be a success not only in the aesthetic sense but also in its competitive pricing compared with its other European as well as Asian Counter parts.

### Features

- \* Water resistant surface
- \* Impact resistance
- \* Easy to maintain
- \* Because this is an inactive material, no harmful materials and no heavy metals including lead and cadmium are released during the manufacturing process.
- \* It does not promote the propagation or movement of bacteria.
- \* It is Eco-friendly because it does not generate volatile organic chemicals as other high glossy products do and can be recycled for other uses.

Thickness- 1.25 mm (+/- 10%)

Superior Gloss Level

Ideal for Vertical Applications

Shake it Well and Lightly Spray on the Surface

Wipe the Surface Clean Using a Light Circular Motion
