WOODS

The beauty of well defined woodgrains will never go out of style. From quiet minimalism to bold masculinity, the secret of our ultra-realistic wood laminates lies in the precise colour tones and three-dimensional surface designs. Backed by our experience and knowledge in wood veneers, we are able to achieve the unique wood patterns that give our laminates their distinct wood lines, swirls, knots and cathedrals.

With a wide array of patterns and textures, our laminates have been designed for every possibility. This ranges from naturally occurring stones like marble and granite to man-made materials like textiles and concrete. With our advanced printing technology, we are able to capture the finest details of the materials, resulting in ultra-realistic surfaces that are almost indistinguishable from the original.
